THE PROJECT

HealthCraft is an EU-funded Erasmus+ initiative that promotes the health & wellbeing of primary school children through education and encouraging self-awareness. The ready-to-use resources provide teachers & parents with easily accessible tools to promote healthy habits. The resources make teaching & learning fun through innovative digital and gamification techniques using Minecraft Education Worlds and bite-sized videos.

HEALTH CRAFT'S POWER PANDA

Power Panda features across all there sources. He empowers children to take an active role in their own health through interactive, age-appropriate resources, activities, and printables that promote self-care & healthy decision making.
